

Capabilities and Solutions

About Us

- ▶ 35+ Years Experience
- ▶ Family Owned
- ▶ California Based
 - ▶ HQ in Rancho Cucamonga
 - ▶ Operation Yard in Shafter, CA
 - ▶ Operation Yard in Phoenix, AZ
- ▶ 47,000 Sq Feet of Offices and Production
- ▶ 50+ Employees
 - ▶ Trucking/Logistics
 - ▶ Engineering
 - ▶ Manufacturing/Production
 - ▶ Service

Generator Services: Family of Companies

Industrial Power Generation:
Generator Packaging, Rentals,
Sales, Service

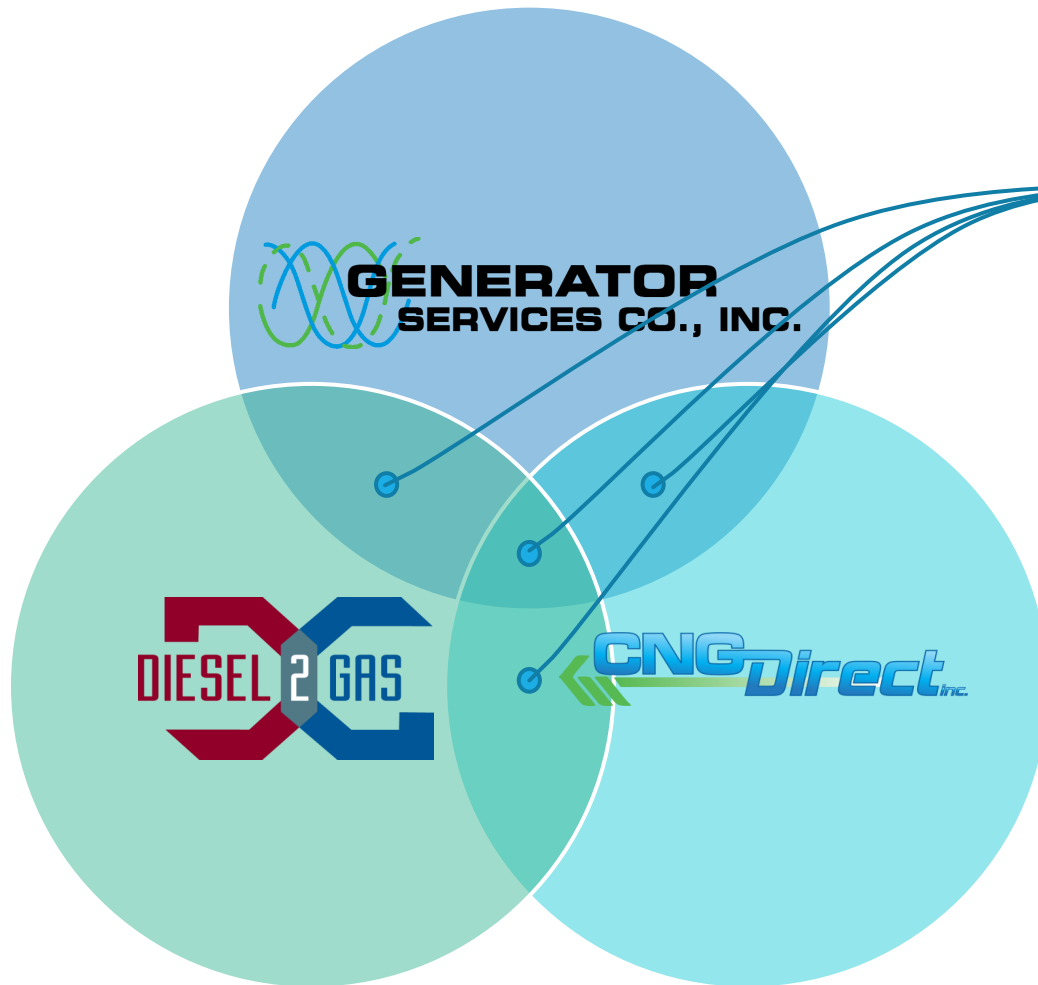

Natural Gas Capture, Compression,
Transport, Decompression and
Sales

Altronic Ignition and Controls
Distributor, Custom Natural Gas
Power Solutions

Family of Companies Synergy

Natural Gas
Applications
& Fueling

CNG Direct: Mobile Pipeline Solutions

- ▶ **Building traditional gas pipelines** can be regulation-intensive, **expensive**, and time-prohibitive.
- ▶ **We create mobile pipelines** by transporting natural gas over the road so **our partners can immediately benefit** from natural gas solutions.
- ▶ As long as there's a road, we can establish seamless full-service mobile natural gas pipelines.

CNG Direct Pipeline Applications

- ▶ BioGas Recovery & Monetization
- ▶ Prime Power Generation Fuel Supply
- ▶ Direct End-User Industrial Applications Gas Supply
- ▶ Supplemental Gas Supply for under-served customers.
- ▶ Pipeline Remediation and Restoration: Temporary Gas Supply
- ▶ Flare Gas Recovery & Monetization
- ▶ Micro-Grid Gas Supply
- ▶ CNG Fleet Mobile Fueling

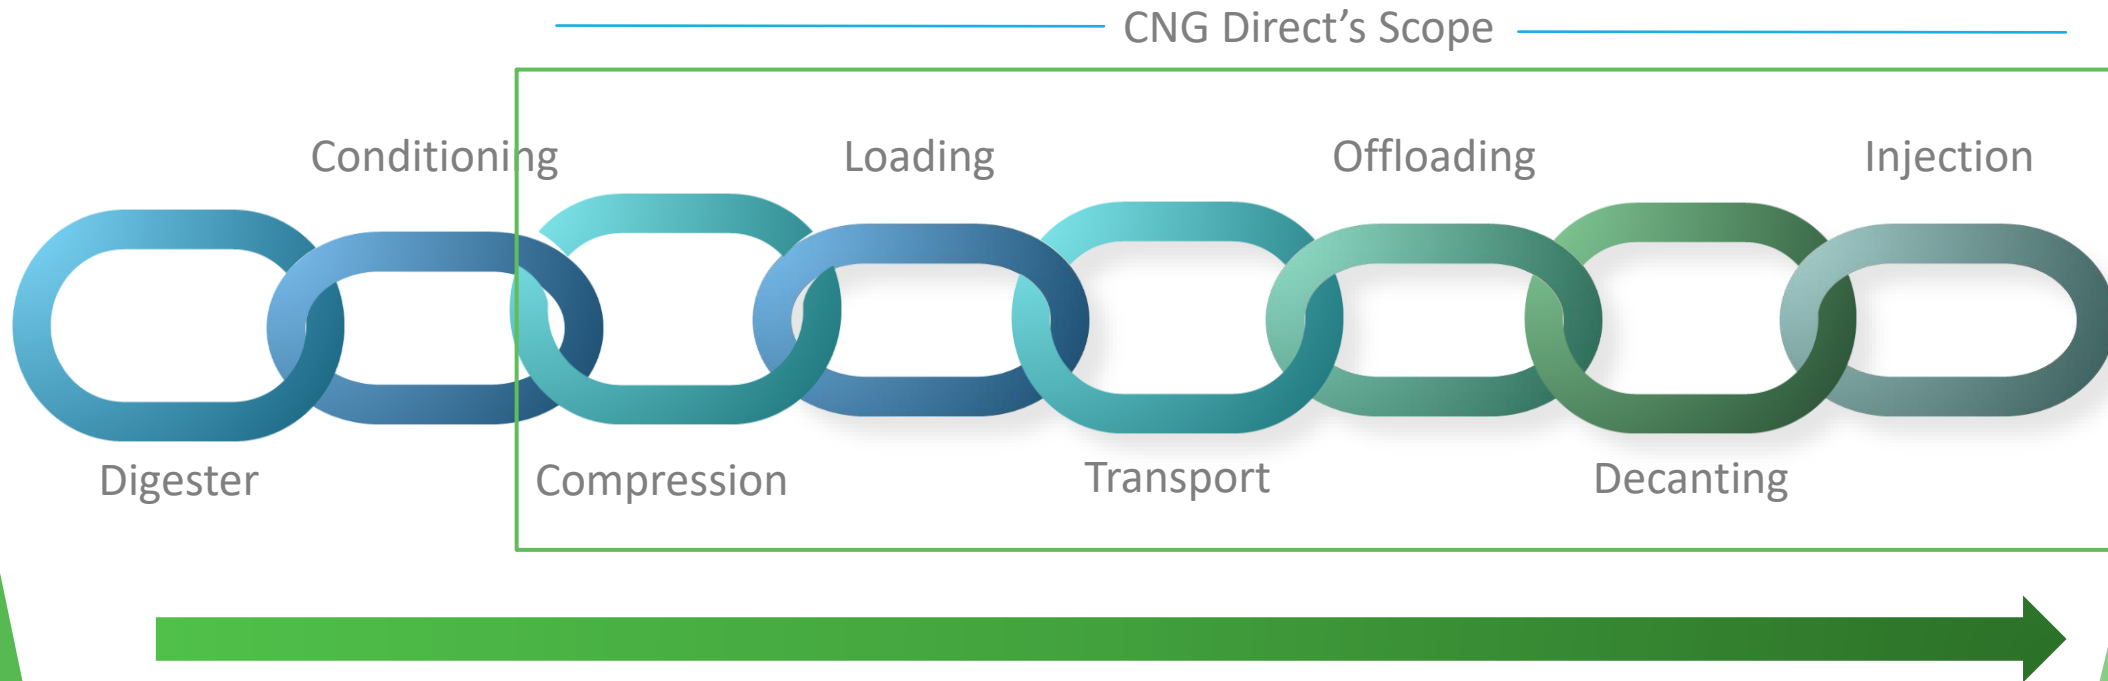

CNG Direct: Mobile Pipeline Solutions

- ▶ CNG Direct is Involved in Engineering, Manufacturing and Application at All Phases of Mobile Pipeline:
 - ▶ Capture of Gas (RNG Gases)
 - ▶ Cleaning/Processing of Gas (RNG Gases)
 - ▶ **Compressing Gas**
 - ▶ **Loading to Mobile CNG Tube Trailers**
 - ▶ **Transporting Gas Over the Road**
 - ▶ **Decompression/Offloading at Injection Point**
 - ▶ Site Installation and Construction
 - ▶ Ongoing Maintenance and Upkeep of Equipment
 - ▶ Permitting of Equipment Air Districts and DOT

Virtual Pipeline for BioGas Recovery

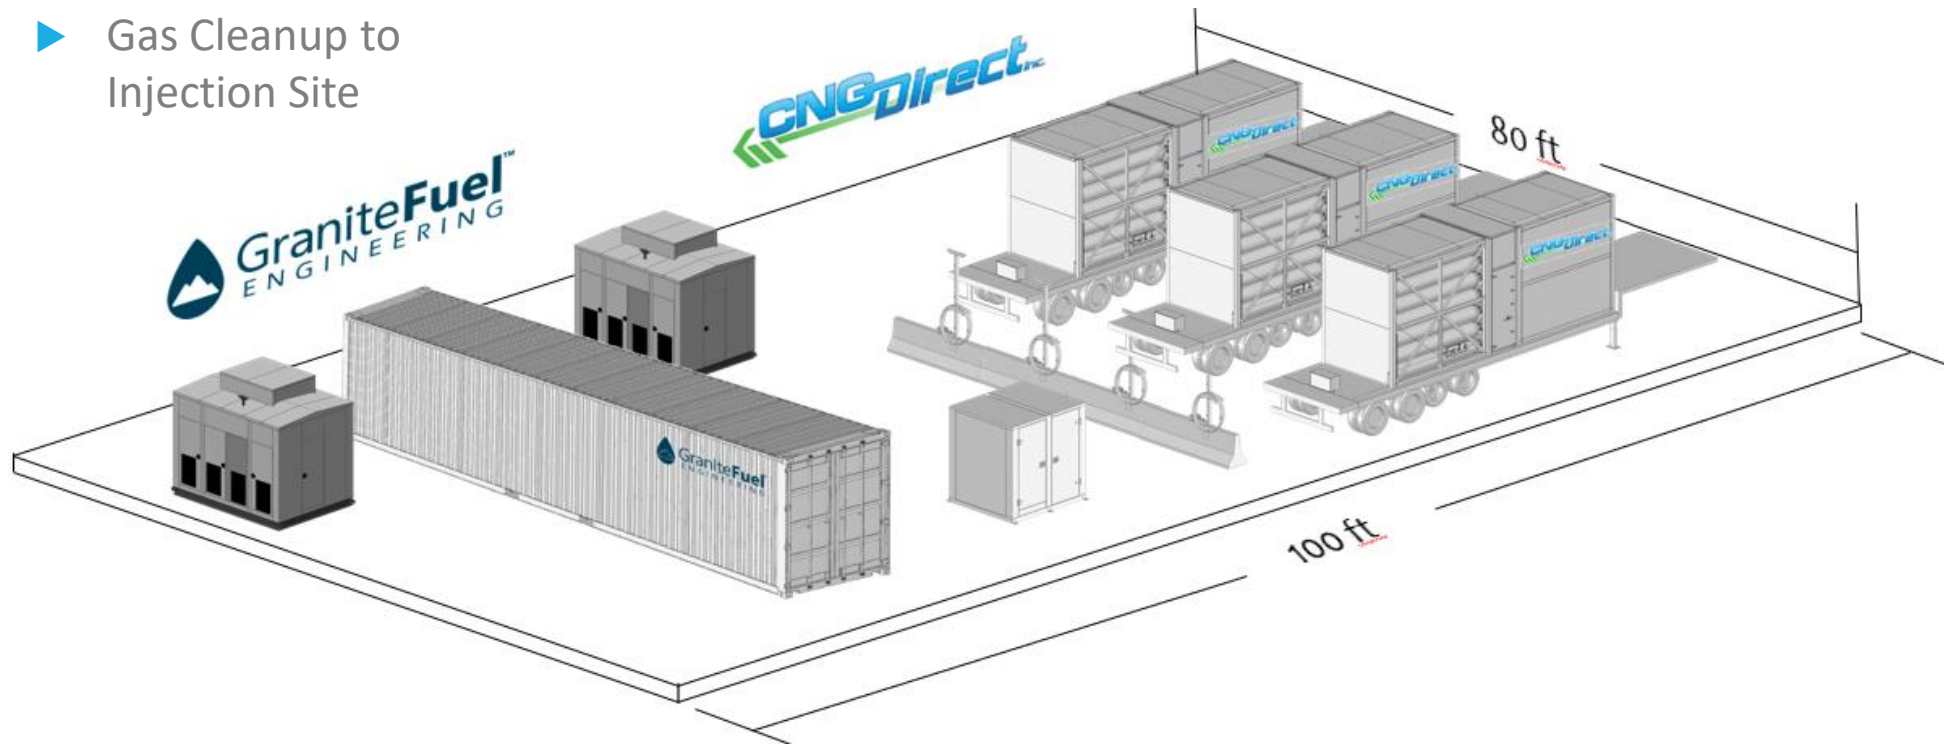

Biogas --> BioMethane: Process Flow

BioGas Recovery Collaborations

- ▶ Custom Solution Engineered
- ▶ Gas Cleanup to Injection Site

BioGas vs RNG Transport

- ▶ Ability to Transport Biogas Cleaned Up to 80% Methane
- ▶ Ability to Transport RNG Cleaned Up to Pipeline Spec:

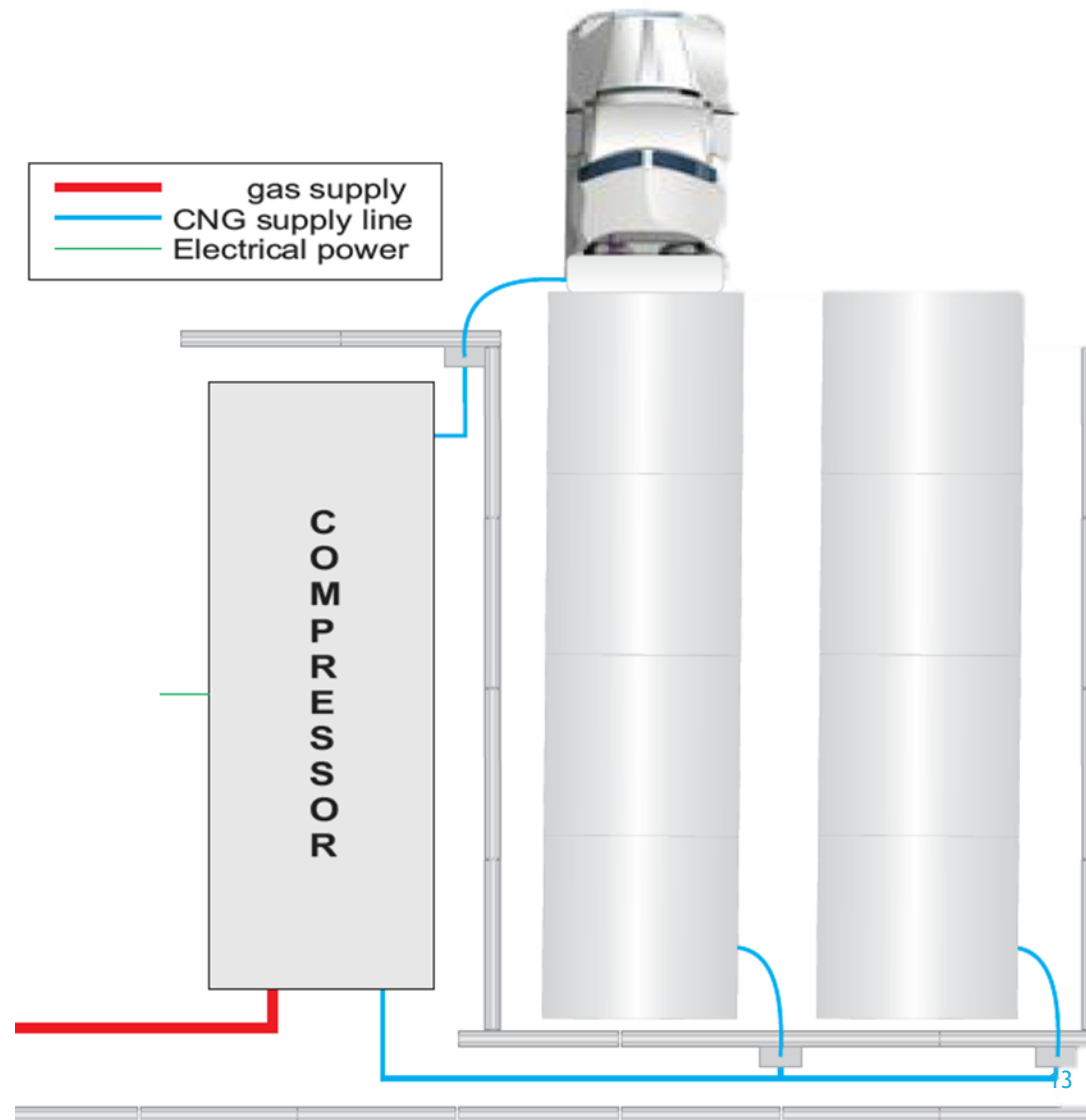

Compression Engineering & Application

- ▶ Custom Solution Engineered
- ▶ Compression to 4200psi
- ▶ Electric or Engine Driven
- ▶ Stationary or Mobil

Loading Site Engineering & Application

- ▶ Custom Solution Engineered
- ▶ Compressor
- ▶ Expansion Tanks
- ▶ Gas Dryer
- ▶ Controller Systems & Priority Panel
- ▶ Sales Transfer Meter
- ▶ Fill Posts, K-Rail, E-Stop

CNG Transport: Trailers/Pods

- ▶ Manufacturing/Production
- ▶ Modular Strategy
- ▶ Right-Sized for Projects

SCF	Model	# of Pod	Diesel Gas Equivalent (Gallons)
28000	8-1M	1	203
46000	16-1M	1	333
86389	30-1	1	626
100000	16-1M-22	1	725
118000	35-1M	1	855
125000	20-1M22	1	906
200000	16-2M-22	2	1449
238000	35-2M	2	1725
252000	20-2M22	2	1826
259000	30-3	3	1877
300000	16-3M-22	3	2174
343000	30-4	4	2486
375000	20-3M22	3	2717
408000	30-4M	4	2957

Trailer Manufacturing

Trailer Manufacturing

CNG Transport

- ▶ Utilizing CNG-Powered Trucks
- ▶ Drivers with Class A Hazmat Endorsement
- ▶ Employee Drivers with Oil and Gas Transport Experience
- ▶ DOT Certified Trailers/Pods with Hazmat Placards
- ▶ Towed Using Pintle Hitch or 5th Wheel Trailers

CNG Offloading/Decanting

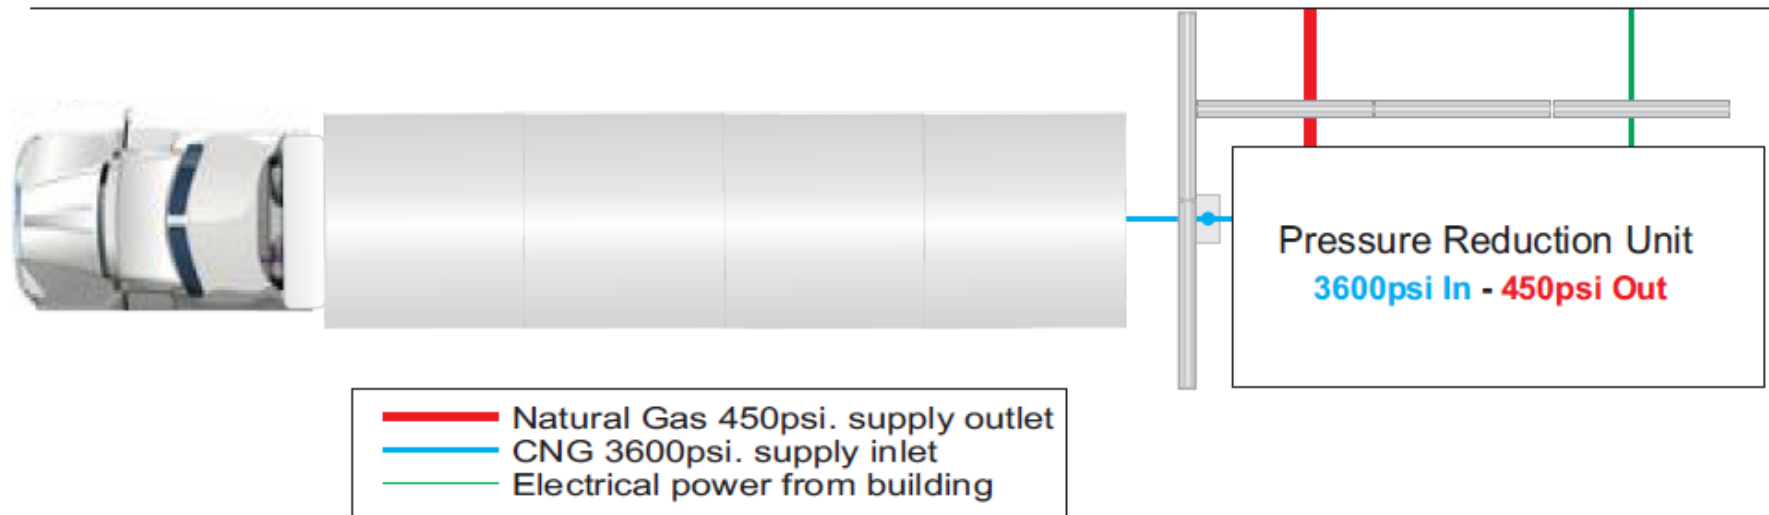

- ▶ Custom Solution Engineered
- ▶ Manufacturing/Production
- ▶ 3600 psi to <500psi
- ▶ Flow capability up to 10 MMSCFD
- ▶ Decanting Posts
- ▶ Pressure Reducing Modules
- ▶ Heating Control Modules

Offloading Manufacturing

CNG Offloading

Mobile CNG Supply Solution

- ▶ Trailer
- ▶ CNG Storage
- ▶ CNG Generator
- ▶ Offloading Equipment: Regulator, Heater, Sales Meter, Fill Posts, SCADA Systems

Flexible Custom Solutions

- ▶ Offering a variety of financial models: equipment purchase, lease, or rental
- ▶ From turnkey, complete solutions to a-la-cart portions of your project
- ▶ Long-term Projects where Mobile Pipeline is best permanent ROI solution
- ▶ Short-term Projects where Mobile Pipeline is temporary solution.

Generator Rental Fleet

Natural Gas Powered
Generator Rentals

Diesel Powered

Natural Gas Generator Fleets

Industrial Power Generation Sales & Packaging

Industrial Power Generation Sales & Packaging

Ag Application: Remote Nat Gas Power

- ▶ Natural Gas Generator + CNG fuel transport & storage = significant savings over diesel/propane

Diesel 2 Gas

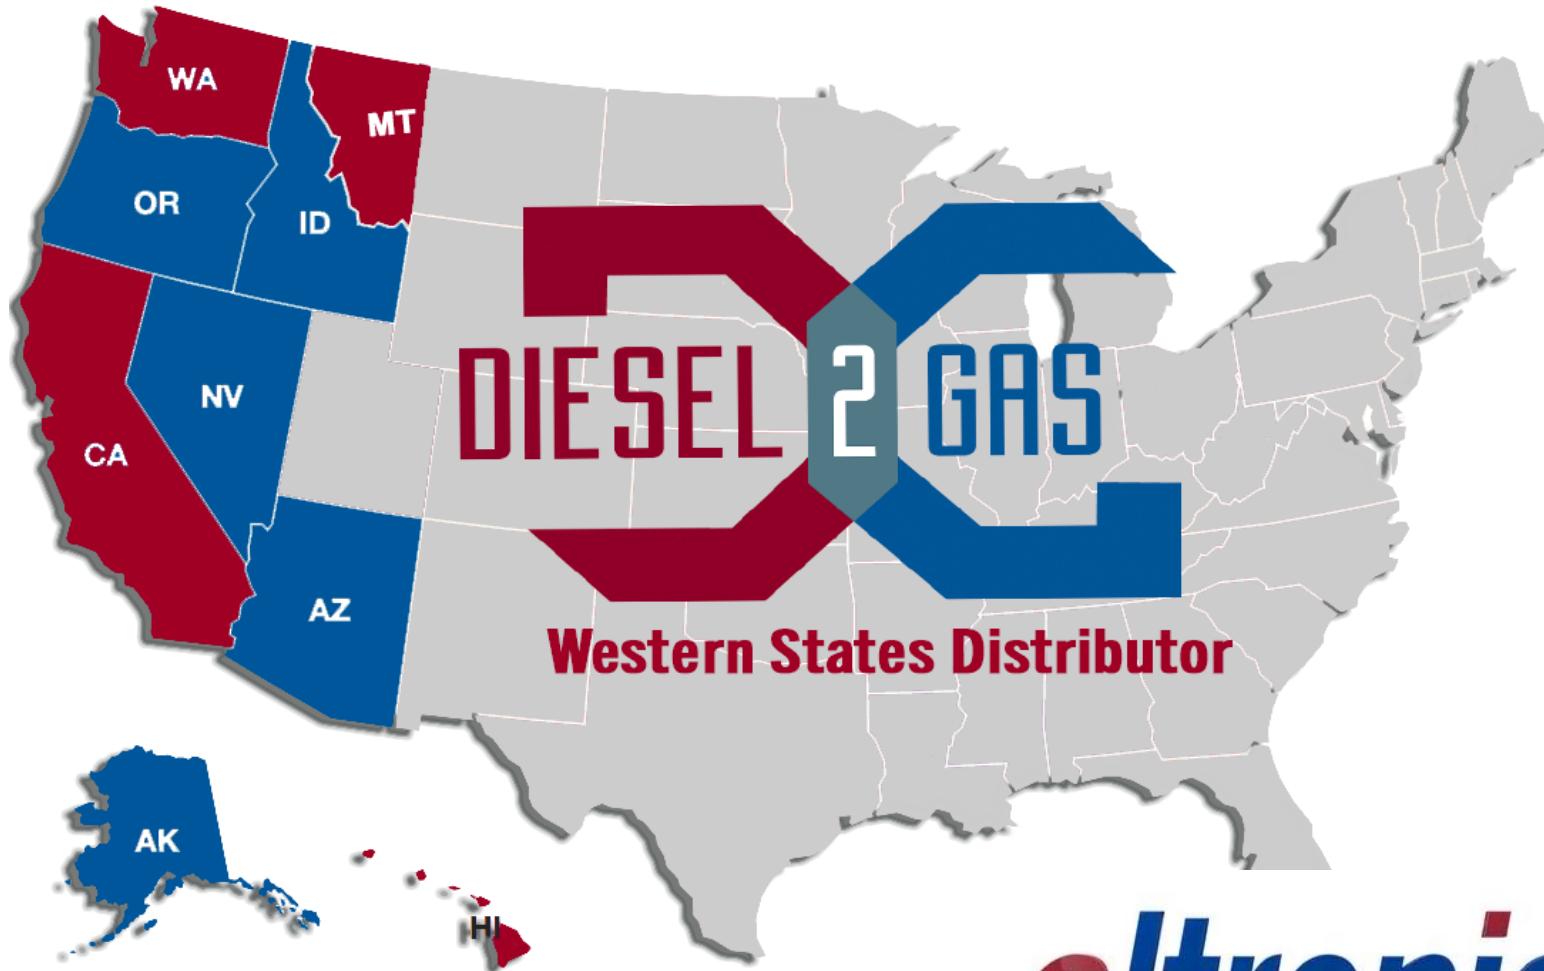

- ▶ Natural Gas Power Solutions
- ▶ Altronic Ignition and Control Components
- ▶ Bi-Fuel Generator Conversions
- ▶ Industries Served:
 - ▶ Agriculture
 - ▶ Biomass
 - ▶ Oil and Gas Production
 - ▶ Gas Compression / Transmission
 - ▶ Water / Waste Water
 - ▶ Landfill
 - ▶ Petrochemical

altronic

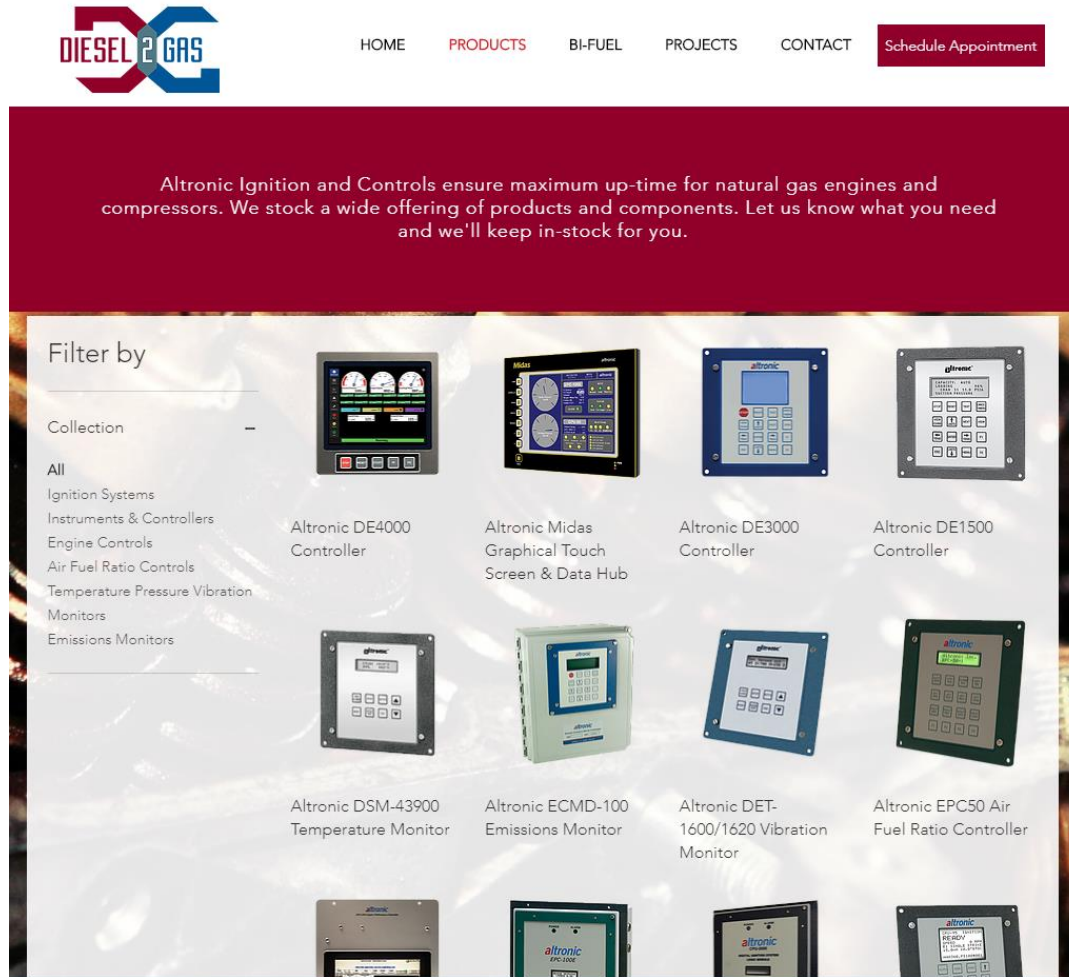

Altronic Western Distributor

altronic ²⁹

Altronic Western Distributor

The screenshot displays the Altronic website's product catalog. At the top, the 'DIESEL 2 GAS' logo is on the left, and navigation links for 'HOME', 'PRODUCTS', 'BI-FUEL', 'PROJECTS', and 'CONTACT' are in the center. A red 'Schedule Appointment' button is on the right. Below the navigation bar is a red banner with white text: 'Altronic Ignition and Controls ensure maximum up-time for natural gas engines and compressors. We stock a wide offering of products and components. Let us know what you need and we'll keep in-stock for you.'

The main content area features a 'Filter by' sidebar on the left with the following categories: 'Collection', 'All', 'Ignition Systems', 'Instruments & Controllers', 'Engine Controls', 'Air Fuel Ratio Controls', 'Temperature Pressure Vibration Monitors', and 'Emissions Monitors'. The main display shows a grid of product images with their names and descriptions below them:

- Altronic DE4000 Controller
- Altronic Midas Graphical Touch Screen & Data Hub
- Altronic DE3000 Controller
- Altronic DE1500 Controller
- Altronic DSM-43900 Temperature Monitor
- Altronic ECMD-100 Emissions Monitor
- Altronic DET-1600/1620 Vibration Monitor
- Altronic EPC50 Air Fuel Ratio Controller

At the bottom of the grid, four more product images are visible without text labels.

Partnerships and Collaborations

Safety & Compliance

- ▶ Zero Loss Time Injuries
- ▶ DOT Hazmat Carrier With Highest Safety Rating
- ▶ Meets ISNET's World Class Safety, Risk Management and Compliance Standards
- ▶ "A" Ratings with All Partner Clients
- ▶ In-House Safety Training Center with Systematic Trainings.
- ▶ Dedicated Safety Officer Employee:
 - ▶ OSHA Authorized Trainer
 - ▶ National Safety Council (NSC) Instructor
- ▶ H2S Safety Meter Detectors on Transport Employees

Developing Partnerships

- ▶ It's our goal to establish long-term, high-trust, collaborative and transparent partnerships.
- ▶ How can we help you and your project?
