

**Full-Circle Solutions for Renewable Energy**

# A Coalition of Technologies and Services

- **About:** We are a team of companies, technologies and services which collaborate and synergize to bring holistic environmental solutions for renewable energy projects.
- **Solutions:** Our full-circle approach considers the opportunities for all components and stages of renewable energy feedstocks.
- **Goals:**
  - Efficiency
  - Collaboration
  - Seamless Integration
  - Maximized Returns

# RNG Energy Solutions

- **Methane Recovery and Conditioning**
- **Power to Gas: CO2 to Methane**
- **CNG/RNG/H2 Virtual Pipeline Transportation Services**
- **Natural Gas Power Generation**
- **Liquid/Solid Separation**
- **Low Nox Boilers/Heaters**
- **Alternative Fuel Solutions / CNG Stations**
- **Credit Monetization / Offtake LCFS and RINS**
- **BioMass Pelletization**
- **AQMD Compliance**
- **Pyrolysis / Gasification for BioMass**
